

The world's most practiced project management methodology

Tania Aslam
Associate Director - Business Beam

What is PRINCE2?

PRINCE2® (Projects IN Controlled Environments)

is a structured project management method based on experience drawn from thousands of projects and from the contributions of countless project sponsors, Project Managers, project teams, academics, trainers and consultants.

PRINCE2 provides guidance that gives individuals and organizations the essentials of running a project.

PRINCE2® is easy to learn and a flexible method that can adapt to all types of project within any industry sector.

PRINCE2® is Owned and managed by AXELOS Limited.

“PRINCE2 is NOT only for the IT industry”

While PRINCE2 originated from PROMPT II, a government standard for IT systems, PRINCE2 was made with a broader scope. It's been updated many times to become the de facto standard for project management.

Any industry that works with projects can make use of PRINCE2.

Recent Research:

“PRINCE2’s level of adoption in IT has been overtaken by four other industries”

[AXELOS 2016
PRINCE2 report](#)

PRINCE2 Certifications

The PRINCE2 certification scheme has been developed to offer three levels of certification, Foundation, Practitioner and Professional.

Based on AXELOS PRINCE2® material.
Reproduced under licence from AXELOS.

PRINCE2 Certifications

Foundation

3 Day Training
Exam on Last Day

- The purpose of the foundation certification is to confirm you have sufficient knowledge & understanding of the PRINCE2 method to be able to work effectively with, or as a member of, a PM team working within an environment supporting PRINCE2

Practitioner

2 Day Training
Exam on Last Day

- The purpose of the Practitioner certification is to confirm whether the candidate has achieved sufficient understanding of how to apply and tailor PRINCE2 in a scenario situation.

Professional

Two-and-a-half day
residential Assessment
Centre, No written exam

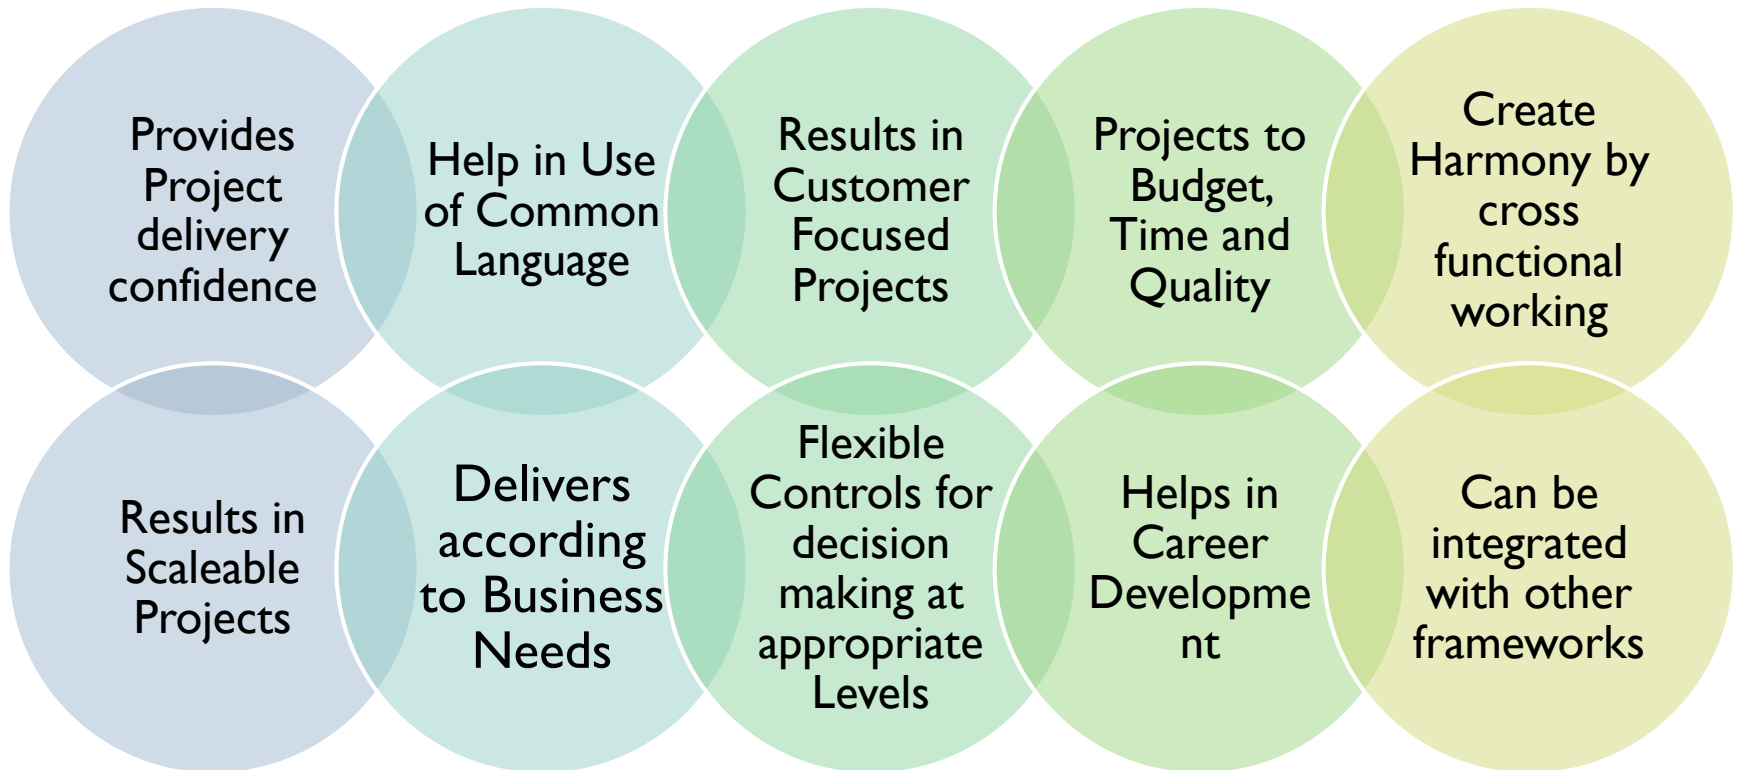

- The PRINCE2 Professional certification is the next level for PRINCE2 Practitioners. This level will test your ability to manage a non-complex PRINCE2 project across all aspects of the project lifecycle.

Target Audience

- ▶ Project Managers and aspiring Project Managers.
- ▶ key staff involved in the design, development and delivery of projects, including:
 - ▶ Project Board members (e.g. Senior Responsible Owners), Team Managers (e.g. Product Delivery Managers),
 - ▶ Project Assurance (e.g. Business Change Analysts),
 - ▶ Project Support (e.g. Project and Programme Office personnel)
 - ▶ and operational line managers/staff.

Key Benefits of PRINCE2®
