

Inspiring growth and improvement

# ISO 31000 Lead Risk Manager

Accredited by PECB

Master the implementation of a  
Risk Management Process based on ISO 31000

[www.businessbeam.com](http://www.businessbeam.com)

## Introduction

This five-day course enables participants to acquire the expertise to support and lead an organization and its team to successfully identify, understand and manage a risk process based on ISO 31000. During this training course, you will also gain comprehensive knowledge of the best practices used to implement a Risk Management framework that provides the foundation for designing, implementing, monitoring, reviewing and continually improving a Risk Management process in an organization.

## Learning Objectives

- Acknowledge the correlation between ISO 31000, IEC/ISO 31010 and other standards and regulatory frameworks
- Master the concepts, approaches, methods and techniques used to manage risk within an organization
- Learn how to interpret the ISO 31000 principles and guidelines in the specific context of an organization
- Learn how to establish an effective risk communication plan
- Acquire the expertise to support an organization to effectively manage and monitor risk based on best practices

## Recommended Participants

- Managers or consultants seeking to master their skills to support an organization during the implementation of a Risk Management framework and process based on ISO 31000
- Professionals responsible for the effective management of risk within an organization
- Expert advisors seeking to gain comprehensive knowledge of the key concepts, processes and strategies of Risk Management
- Individuals responsible for establishing a Risk Management policy
- Risk Management team members

## Prerequisites

A fundamental understanding of ISO 31000 and comprehensive knowledge of Risk Management.

## Course Format

This training is based on both theory and practice:

- Sessions of lectures illustrated with examples based on real cases
- Practical exercises based on a full case study including role playing and oral presentations
- Review exercises to assist the exam preparation
- Practice test similar to the certification exam.

## Duration

5 days, including certification examination on the last day.

## Materials Provided

- Course reference manual containing copy of course slides, support documents, quizzes and answers
- Course Certificate
- Exam certificate on passing the ISO 31000 Lead Risk Manager examination

## CPDs Assigned

This course qualifies for thirty one (31) CPDs.

## Certification Exam

3-hour certification exam is scheduled on the last day of the course. The exam is paper-pen based.
