35 Contact Hours

400+ practice questions

Excellent first attempt pass ratio

Learn Project Management and prepare for achieving PMP®, the world's top qualification in project management.

Introduction

More and more organizations are turning to the Project Management Institute's (PMI®) Guide to the Project Management Body of Knowledge (PMBOK® Guide, 6th Edition) and Project Management Professional (PMI®) Certification as the source and evidence of competency. This course is specifically designed to help experienced, knowledgeable project managers and team leaders master the PMBOK® Guide (6th Edition - released in 2017) content and pass the PMP® certification exam.

Learning Objectives

Candidates should expect to gain competencies in the following areas after successful completion of the training course:

- Principles, concept and techniques of project management
- How to apply these concepts in real life for effective results
- Process groups and knowledge areas of project management
- Project management processes and how to apply them
- Various internal and external factors, and their influence on the success or failure of a project
- The role of Project Manager and how to overcome with the difficulties, face due to complex nature of project.

Recommended Participants

This course is designed for project managers and team leaders who are preparing for the PMP® certification exam. Project personnel and managers who work with projects will benefit from a better understanding of how their responsibilities fit into the total project management task.

Prerequisites

Experience of managing or directing projects or project tasks.

Course Format

The course uses a stimulating mix of instructions, workshops, quizzes, discussions and a practice-exam.

Duration

4 or 5 days
(35 teaching hours)

Materials Provided

- Course reference manual containing copy of course slides, support documents, quizzes and answers
- PMBOK® Guide, 6th edition
- Practice exam
- Course Certificate

Practice Exam

A practice exam is part of the course. The practice exam aims to help participants in passing the PMP certification exam.

Reference Material

This course is based on the Project Management Body of Knowledge (PMBOK®) Guide version 6.
